DLED-6400 Series Specification Sheet
 Enlighten Thin Line LED 35,000 Hour dimmable wall sconce that provides up and down illumination with a very shallow profile.
 350 Lumens per Foot - 5 Watts per Foot - CRI 80

Date:

Type:

Cat. No. DLED-6400 - _____ - _____

Fixture Description: The DLED-6400 Enlighten Thin Line is a 24V LED light panel that provides even LED illumination in two directions with a very shallow profile. Enlighten Thin Line is designed to give long consistent color over the 35,000 hr. lamp life, because of good thermal management of the SMD's and quality phosphors used in production. This LED light panel can be used as an accent / wall sconce or unique light shelf that takes advantage of its clean modern lines. A 35,000 hr. lamp life greatly reduces maintenance.

Construction: Steel / aluminum white powder coated frame that encases the LED source.

Electrical: 24 Volt DC Constant Voltage. 5 Watts per foot each side (x 2). 350 lumens per foot each side (x2). Dimmable.

Mounting: Mounts directly to surface using key-hole cut-outs in fixture body.

Applications:

- Wall Sconce • Light Shelf
- Accent Lighting

Label:

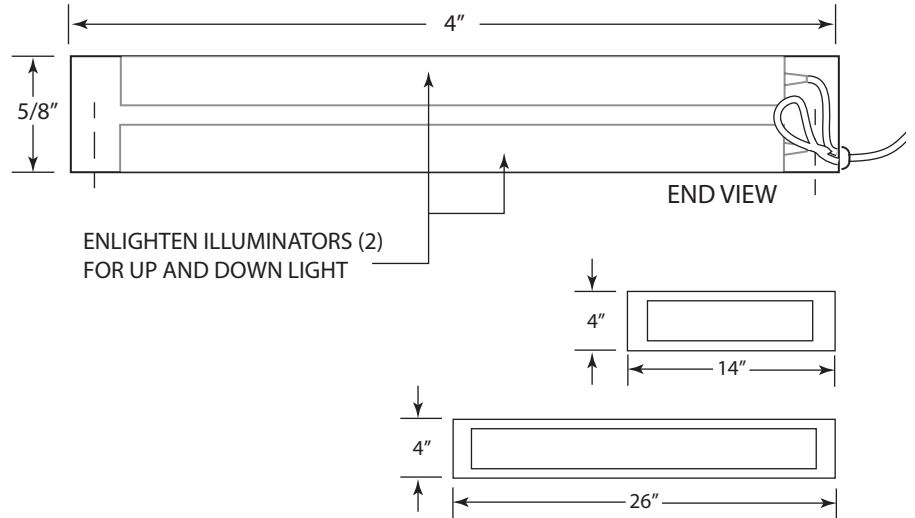

ETL Pending

ADA Compliant

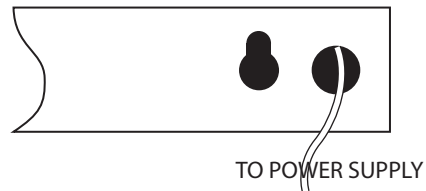

NOTE: Use Dreamscape DLED-MAG1090-24 dimmable driver.

LED Specifications:

Voltage:	24 Volts DC
Watts:	5 Watts per foot (x2)
Lumens per foot:	350 (x2)
Color Temp.:	2700K
CRI:	80
Beam Spread:	120°
Max. Single Length:	26"
Mounting:	Direct to surface
Warranty:	3 year / 35,000 Hrs.
